MOBILE : 9579480105

Current Address: Pune, Maharashtra - 412109, India.

ACHIEVEMENT:

- o Completed Java Certification Course at Qspider Institute.
- o Awarded a scholarship Following 10th grade with outstanding academics performance.
- o Achieved a Black Belt in karate.

TECHNICAL SKILLS:

Java
- o OOPS Concepts
- o Exception Handling
- o Multithreading
- o Collection Framework

SQL
- o Joins
- o Functions
- o Sub-Query
- o Normalization
- o Keys

JAVA 2 Enterprise edition
- o JDBC
- o Servlets
- o JSP

VISHWANATH NAIKWADE

Full-Stack Java Developer

OBJECTIVE:

"Enthusiastic Java developer seeking entry-level role.Eager to apply coding skills and contribute to dynamic projects in a collaborative environment."

PROJECTS:

Project: 1

Project Name: Analysis of Technological Trends Using Topic Modeling and Question Answering System.

Description: It's a Java Based software application with the capability to identify trending technical topics through the analysis of question-answering interactions between users and experts using Latent Dirichlet Allocation (LDA) algorithm.

Tools used:

- o Windows OS.
- o Application Server - Tomcat 10.1
- o Front End - HTML, CSS , JavaScript ,JSP
- o Backend – Java , Servlet
- o Database - MySQL 8.0

Roles and responsibility:

- o Understanding the requirements and functionality of application
- o Backend Development
- o Database Management
- o Designing classes

⬕ Web Tech

- HTML
- CSS
- JavaScript

SOFT-SKILLS:

- Leadership
- Team -player
- logical Thinking
- Adaptability

EDUCATION-BACKGROUND:

- Full-Stack Java Developer QSPIDER WAKAD, PUNE

- Bachelor of Engineering in Information Technology(8.36) PUNE UNIVERSITY (2023)

PERSONAL-DETAILS:

- ⬕ DOB:01/08/2000
- ⬕ Hobbies: Playing Sports , learning technical skills.
- ⬕ Address: Pune, Maharashtra- 412109, India.

Project: 2

Project Name: Book my ticket Application.

Objective: It is a Java-based Bus Ticket Booking Application, simplifying the process of reserving bus tickets. This application empowers users to effortlessly browse bus routes, select preferred seats, and securely book tickets for their journeys.

Tools used:

- Windows OS.
- Application Server - Tomcat 10.1
- Front End - HTML, CSS , JavaScript ,JSP
- Backend – Java , Servlet
- Database - MySQL 8.0

Roles and responsibility:

- Understanding the requirements and functionality of application
- Preparing layout of the application
- Designing classes of application
- Performing operation on data base
- Designing classes

I hereby declare that all the details provided above are true to the best of my knowledge.
